TWO OBSTACLES STAND IN WAY. Zar's Advisers in Opposition to a Set-

for peace on no higher essential basis than that Russia should evacuate ficulties in the way of any suggestion of visers to a settlement of any kind; if not gone, is severely impaired, it is a difficult matter, even with the best of intentions, to preserve it." The Associated Press learns that

Queen Alexandra has been in constant communication with the dowager empress of Russia and Emperor Nicholas himself during the last few days. This is interpreted here as a hopeful sign and as possibly likely to lead, through not in the immediate future, to the establishment of some modus vivendi where steps looking to arbitration might be initiated without offense to

The reiteration of the American state department's determination not to intervene except on requests from both of the belligerents, tallies with the official attitude of the British government, but it is thought that before long some method may privately be devised whereby this diplomatic barrier to action may be overcome.

Baren Hayashi this morning had no news from Port Arthur and discredited the rumors of its capitulation.

POLICE SAVED CHAUFFEUR. He Had Run Down and Killed An Italian Woman.

New York, Nov. 11,-The timely ar rival of a squad of police has probably saved the life of William Vanderheyden, a chauffeur whose electric brougham had run down and killed an unknown Italian woman in Seventh avenue at the Twenty-ninth street clossing. The chauffeur was attacked by a big crowd who witnessed the accident. He was beaten down, the clothes were torn from his body, and when the rolles arrived he was un-

Its wheels were quickly reversed, but the pavement was wet and they failed to hold, and Vanderheyden made an attempt to catch the woman by leaning over the front of the car, but to no purpose. He was quickly attacked by hundreds of men and boys and beaten to the ground. The police soon arrived, but had to use their clubs freely to disperse the angry crowd. While the excitement was at its height the couple in the brougham disappeared.

Baptists Rather Discouraged.

New York, Nov. 11.—Pessimism as religious progress on Munhatt of island has been expressed by several speakers at the twelfth annual meeting of the New York City Baptist Mission society. Baptist conditions in New York were declared to be perhaps worse than those of any other Protest-ant body. It was asserted that there exists in the body little interest, little denominational pride and little growth. One of the speakers declared that there exists a spirit of irreligion, indifference to holy things, the putting of the material above the spiritual and vulgar, ostentatous display of wealth "which can well cause us to tremble."

The report of the treasurer showed deficit of nearly \$1,000 although the society was shown to have had a year's income of more than \$95,000.

MARYLAND ELECTION.

Will be a Day or Two Before Official Count is Finished.

Baltimore, Md., Nov. 11.—The official counting of the ballots in Baltimore and the counties of Maryland was resumed today. So far only five of the 24 Baltimore wards have been counted and it will be tomorrow or Monday before the count in this city is completed. In the 23 counties of the state about one-third have been counted and it

probably will be late tomorrow or Mon-day before all of them are heard from. So far the Roosevelt plurality keeps about 190 ahead, with the indication that ex-Gov. Brown, Democrat, has been chosen elector along with seven Republican electors. Should the final figures show a plurality for Parker it is almost certain that Charles J. Bonaparte, Republican, will be one of the electors, with seven Democrats.

Tribune and "Americans" Reported As Intending to Fight the Mormons To a Finish.

Almost before the echoes of Tuesday's election have died away comes the important reminder that the people of Salt Lake are to have another contest at the polls in the near future. It will be to fill six places on the board of education which has a membership of ten-two from each precinct. But for the resignation and removal from Sait Lake of Mr. B. S. Young of the Fourth precinct there would have been but the usual five-one from each precinct to be chosen at the next election. His departure, however, makes the selection of a sixth member necessary. Under the law the term of his successor, by appointment, Mr. Mat Thomas, only runs until the ensuing election. Notwithstanding the fact that the latter have far ing the fact that the latter have far the largest number of pupils in the schools and that a comparatively small number of the teachers are of the 'Mormon' faith, they are to be made the special objects of a shameful as-sault if the talk of many "American" coliticians can be relied upon, as stating their views in the case.

GOV. ASKED TO SEND TROOPS.

Will be Held in Readiness-Feeling Against Slayer of Daniels is Very Strong.

Charleston, W. Va., Nov. 11 -- As the result of the killing of Constable Walter Jackson in Montgomery by Policeman Elllott on Wednesday, and the subsequent capture of the town by the four brothers of Jackson at the head of about 40 of their friends, a reign of terror exists there. The mayor, being helpless, appealed to Sheriff Daniels yesterday. When Sheriff Daniels and John Rolf were killed by Ed Jackson yesterday the saloens were at once closed and Gov. White was asked to send troops.

The governor replied he would hold troops in readiness, but advised forming a large posse. If the posse should meet with serious resistance troops will be sent to their relief. The Jackson followers escaped to mountain strongholds with which they are familiar,

Ernest and Bob Jackson were arrested and brought to this city by Deputy Sheriff Davis and others. They are jalled here. A posse, headed by Marshal Harrison B. Ash, of Thurmond, is scouring the mountains near Montgomery. Two bloodhounds have arrived from Dayton, Ohio. They were placed on the trail today. The officials in Montgomery fear further trouble, as sentiment against the slayer of Daniels

is very strong.

Reports from the posse today are that Ed. Jackson was chased into a cave last night, when it was decided to wait for daylight for his capture. Although the place was currounded during the night Jackson escaped. The posse has been increased to 250. Meantime friends of Jackson are reported to be openly organizing around Mont-gomery and swearing vengeance if Jackson is lynched or killed without being given a trial.
